

## WANNA BE A GREAT NEIGHBOR?

- Is that “had to have” item just gathering dust?
- Would you like to be more helpful in your community?
- Have you ever wanted to enhance your work environment?
- Do you occasionally need a small kitchen appliance, but either don't want to buy it or have room to store it?
- Have you ever rented something only to find later that a friend, neighbor, or co-worker had one you could have used?

If you answered yes to any (or all!) of these questions, have we got a site for you! This new website is designed to strengthen your community (and save you money!) through the process of sharing among neighbors. Whether in a house, condo, apartment, in the country, city, etc., you may really enjoy what this site has to offer.

## Check it out at [GotGreatNeighbors.net](http://GotGreatNeighbors.net)!

Hey, if you don't have a computer... use your neighbor's!  
(With permission, of course)
